

Spellingframe Cookie Policy

Operated by Mathsframe Limited

Version 1.0

Last Updated: June 2026

Introduction

This Cookie Policy explains how Spellingframe uses cookies and similar technologies when you visit our website.

What Are Cookies?

Cookies are small text files placed on your device when you visit a website. They help websites function correctly, improve performance and provide information about how visitors use a site.

How We Use Cookies

Spellingframe uses cookies to enable core website functionality, maintain secure user sessions, improve website performance, analyse website usage and help identify and resolve technical issues. We do not use cookies for advertising purposes.

Essential Cookies

Some cookies are required for the operation of the website. These cookies allow users to log in securely, access restricted areas, maintain active sessions and use key website features. The website cannot function properly without these cookies.

Analytics Cookies

Spellingframe uses Google Analytics to help us understand how visitors interact with the website. Google Analytics may collect information such as pages visited, time spent on pages, device and browser information and general geographic location. This information is used to improve the website and user experience.

Managing Cookies

Most web browsers allow users to view stored cookies, delete cookies, block cookies and configure cookie preferences. Please note that disabling essential cookies may affect the functionality of the website.

Third-Party Services

We use Google Analytics as a third-party analytics provider. Additional information about Google's use of data can be found within Google's own privacy documentation.

Changes to This Policy

We may update this Cookie Policy from time to time. The latest version will always be available through the Spellingframe website.

Contact

If you have any questions regarding this Cookie Policy, please contact support@spellingframe.co.uk.
